Hi Dan:

I talked to Sandie. She is familiar with the issues you have raised and has a copy of your letter. She is the best person to arrange a discussion with you about Wyoming's work and your concerns.

Karen

Karen,

It was nice chatting with you this morning. I have attached letters sent to WY DEQ concerning the downgrade of recreational water quality standards. Copies were sent to Region 8. I would be interested in having a call with Region 8 to discuss this.

EPA Region 8 sent a letter dated March 14, 2014 (signed by Sandra Spence) to DEQ stating, in part: "In general, the EPA's preliminary thinking is that WDEQ's approach would be consistent with 40 CFR § 131.10(g)(2)."

Best,

Dan
